

FLAT TOPS

BRE FLAT TOPS

High quality, extensive range.

Flat tops and extendable trailers for specific project requirements.

Bruce Rock Engineering manufactures a large range of high quality flat top and flat top extendable trailers to suit specific project requirements.

OUR CUSTOMISATIONS INCLUDE:

- Lengths up to 48' (14.6m) or longer through PBS application
- 3.0mm or 5.0mm checker plate floors, or HARDOX™ for extreme service
- Twist locks
- Up to four tool boxes
- Water tank
- Glut box
- Gates and gate carrier
- Load binder track
- Pipe bolsters and pockets
- Extendable up to 72' (22.0m)
- Dog and pig units

All trailers are available with different combinations of equipment such as spring or air-bag suspension, drum or disc brake axles and Alcoa aluminium wheels.
